

What to do with my retirement savings

Retirement claim form – Deferred Retiree

Why do I need to complete this form?

Because you want to withdraw your retirement savings from your deferred retirement benefit as you no longer want to defer collecting your retirement benefit, you need to tell Alexander Forbes what to do with your retirement savings. It is important that you understand your options and make the right decision for you and your financial well-being.

Name of fund

What are my options?

1 Transfer

- Move your money out of your employer fund, with an option to take a small cash portion or transfer all your savings.
- This option can allow you to buy a monthly pension.

How does this benefit me?

- Your transfer amount will be invested in a fund of your choice.
- You can add any other retirement savings you have to keep them all in one place.

2 Withdraw all your savings

- Take your retirement savings in cash.

Important: The savings you withdraw may be taxed.

How does this benefit me?

Provident fund

- **Older than 55 on 1 March 2021?** This means you can withdraw part or all of your retirement savings in cash.
- **Younger than 55 on 1 March 2021?** This means you can withdraw part or all of your retirement savings accumulated before 1 March 2021 in cash. Savings accumulated after 1 March 2021 follow the pension fund rules.

Pension fund

This option is only available if your retirement savings are less than R247 500.

If you need help choosing or understanding your options, please contact your dedicated financial adviser or ask your employer if unknown. Alternatively you can contact Alexander Forbes below.
